

Amol beryan Goosht Processing and Packaging Company

Amol beryan Goosht Processing and Packaging Company

Getting to know us

beryan goosht Company in July **2014** in a land area of 6000 square meters in the second phase of Amol Industrial Town with an annual production capacity of about 5000 tons. A variety of meat products, including red meat and chicken burgers, kebabs, and fast food including falafel, cutlets, and sausages. and sausages, as well as all kinds of grilled chickens and chicken products in different package. Also with advice from reputable companies Supervision and evaluation of Briyan Gosht company has succeeded in obtaining various quality control certificates, including GMP and HACCP, ISO 9001(2015) and ISO 22000(2018) and It has also become the standard of Iran Due to the ever-increasing population of our country and the limited sources of protein that this young population needs, The management of Briyan Gosht Amol company, with more than 3 decades of teaching and research experience in the country's universities, is trying to do this by gathering a team of experts. While responding to the above needs by providing healthy and quality products for every age and taste, it has a worthy and worthy contribution in reforming the consumption culture.
